The Development of 12366 Hotline

Resource Support

The 12366 hotline operates under a two-tier structure of national + provincial.

Over **7,000** professional staff are supported by **a unified national tax knowledge base**.

Channel Expansion

Become **a comprehensive platform** encompassing hotlines, websites, and mobile applications.

Service Amount

In 2024, 12366 handled a total of **122 million** service requests across all channels. Services of human agents have exceeded **60 million** inquiries annually for five consecutive years.

Function Expansion

Expand the hotline service to **24/7**, incorporating other telephone services of the tax authorities into the 12366 number, and merging with China's government service **hotline 12345**.

BUILDING A GROWTH-FRIENDLY TAX ENVIRONMENT

Accurately Deliver Policies to Targeted Taxpayers

First Lesson for New Businesses

Provide tailored publicity and guidance on tax obligations, preferential policies, and operational procedures—covering what new businesses need to know and want to understand—for enterprises across different industries, scales, and regions.

Last year, China's tax authorities sent "First Lesson for New Businesses" product to **nearly 6 million** newly established businesses.

BUILDING A GROWTH-FRIENDLY TAX ENVIRONMENT

Part 05

Create a Cross-Border Tax-Related Enquiry Service Brand

Cross-Border Tax-Related Service

01

Service Background

Cross-border enterprises face challenges such as complex tax systems, rapidly changing policy regulations, and tax disputes

02

Development History

As early as **2015**, the 12366 hotline launched **English enquiry service**. In **2016**, we established the **12366 International Taxpayer Service Center in Shanghai**, introducing a bilingual taxpayer service website and a dedicated 12366 international taxpayer service hotline.

03

Innovative Measure

In **2023**, the innovative ***TaxExpress*** service brand was launched, targeting cross-border enterprises' needs to provide comprehensive tax support for international businesses.
